

USER MANUAL

<https://marketing.ecotanka.com>

OVERVIEW

The ECOtanka Photo Library is provided to you our customer to have instance access when you need it to all of our high quality marketing material to make it easier and faster to get you up and running. The other advantage is we all use the same approved quality material which keeps ECOtanka' s image in the market place of a high quality.

We have also setup a system where you can share your photos with us to be used by everyone globally. Also there is a monthly draw for the best photo/image that represents ECOtanka.

Marketing material you can find on the ECOtanka Photo Library will be as follows:

- Product photos that can be used for your website or online shop
- PSD files for printed marketing (in progress)
- Barcode files (in progress)
- Product brochures (in progress)
- Marketing photos with an ECOtanka product shown in the photo

This users manual will show you how to get started with the ECOtanka Photo Library to get what you need for your own marketing to sell ECOtanka products.

WHERE TO START

Go to <https://marketing.ecotanka.com> this is the main front end of our system where you can create an account login and see all the marketing material available to you.

The site is currently in English and will be translated to German and others as we build the site. Before you get started you can select your language if it is available.

LOGIN

To log in or set up a new account to use the system, you first need to click the "Login" link to the top right.

To view a gallery, just click on the product link you are interested in and follow the links until you get to the photos or file pages.

These photos are all single wall stainless steel bottles.

When you are on the photo pages, you can sort the photos using the filter to the left. To the right, you can move to another page. Some galleries have multiple pages so if you can't see the photo you want make sure to view all pages.

Quick View of photo

To get a quick view of a product photo, simply move your cursor over the photo and the system will load a much bigger photo for you to see.

Quick Link Actions

To download a photo in quick view, click the arrow down icon and select Small, Medium, Large or Extra Large and the photo will be downloaded.

The 4 squares "Assign t Package does not work.

The envelope icon is for you to send a link of this photo to anyone you like.

The light bubble is your lightbox link for you to add a photo to your lightbox.
